THE WORD OF THE MANAGING DIRECTOR

Our company seeks to build its future by adopting the concept of constructive investment, a concept that depends on making tangible and intangible profits.

The material profits are the motivation for the survival and sustain ability of our company, while the non-material profits are the motivation for the continuation of the pulse and spirit and sense around.

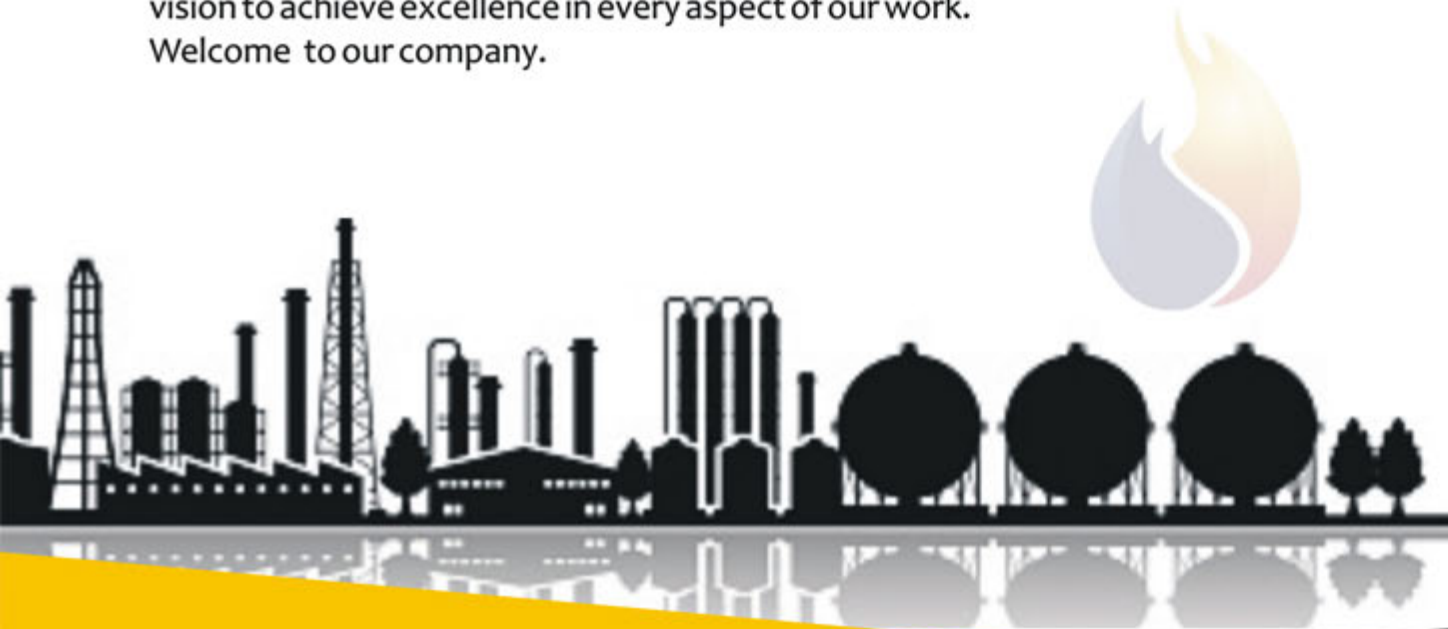

The intangible profits of our company are the tangible results of all our works and activities, the effects of which can be seen in our society, in our economy and in our Country in general.

We are committed to making attractive investments through our partnerships and excellent relationships with the local and international business community by entering into strategic investments in various economic sectors.

This will provide great value to our company and our Country and contribute to the skills, technologies and information necessary to build our future.

Our ambitions are limitless, and we depend on our outstanding human resources, the most precious and most important of all, to achieve, after God's blessings, our vision to achieve excellence in every aspect of our work.

Welcome to our company.

ABOUT US

Rawat Bilad Alraafidayn Company For Oil Services Established in 2018 with a capital of 2,000,000,000 Iraqi Dinars, is a 100% Iraqi owned company focussed on providing high value -added services to meet the mechanical , electrical, instrumentation, automation and civil needs of the Iraq Oil & Gas industry.

Rawat Bilad Alraafidayn Company for oil services Ltd. management has over 50 years of cumulative experience in servicing the midstream sector in oil & gas industry on a design and build, engineering, procurement, construction, and commissioning (EPCC) basis.

The company provides all inclusive mechanical services to our local Iraqi and growing international clientele.

This includes non - destructive testing and cathodic protection, as an Iraqi company with more than 95% of our personnel being natives and our equipment being company owned, we are cost competitive and are well experienced in dealing with the local communities and tribes.

Due to the nature of the work undertaken the company has very high standards and guidelines of safety management and HSE systems.

The our company carries out regular monitoring of all its systems and operating procedures to ensure that all works undertaken or materials supplied through its approved major suppliers are carried out in full compliance with the very latest legislation and oil & gas recommendations.

In line with this total quality commitment the company has in house quality assurance systems to monitor and control all aspects of our work including materials, welding standards, pipework assembly, testing and commissioning.

Vision

Rawat Bilad Alraafidayn Company for Oil Services Ltd., vision is to emerge as the premier Iraqi oil & Gas EPC contractor.
